

KING JASON

PAPHOS

An elegant journey of renewal *for 2024/25*

Relaxing holidays designed for adults and authentic local experiences perfectly combine at The King Jason Paphos. Ideally located in the heart of Paphos, one of Cyprus's most picturesque coastal resorts.

As we look towards the future, we're about to embark on a new journey of renewal that will redefine your stay in this popular hotel creating an even more comfortable and elegant environment.

With renovations scheduled to begin on December 2024, new life will be breathed into common areas, with a change of furniture adding a new look to the hotel's lobby and library.

Outdoor, a renovation of the main pool and hydro pool will guarantee luxurious moments of sun-kissed bliss.

A redesign and revamp is planned for the hotel main bar and Elegancia Lounge, while contemporary furniture and new show cooking/ buffet stations will elevate the dining experience in the hotel's main restaurant.

Aiming to create an even more inviting and enchanting environment, blending modern comforts with timeless sophistication, 62 one-bedroom suites and 15 studios will also undergo a full renovation. The striking transformation will include new flooring, new and enlarged bathrooms, new furniture, and new lighting for a warm, cozy and elevated holiday experience.
